

## **Did You Know You Can Enjoy Reiman Gardens With Your Dog?**

This April, Reiman Gardens is bringing back **Rovers at Reiman**. You can walk the Gardens with your dog every Tuesday in April from 4:30-7 pm! When you arrive, dogs and owners will be given a colored ribbon to attach to collars to indicate your dog's comfort level when interacting with other dogs and people. Red means you prefer to be left alone, yellow means you're a little cautious around other dogs, and green means you're happy to meet other dogs. Additional rules and regulations have been created to ensure a safe environment for all dogs and visitors. Some of these include keeping all dogs up to date on all vaccinations and registrations and requiring dogs always to remain leashed.
