Higher Education General University Appropriation - \$511.05 Million

- The Board's FY 2021 request for the higher education general university appropriation includes a continuation of the \$493.05 million appropriated last year, plus \$18 million in incremental funding.
- The general fund provides resources essential for quality public higher education, cutting-edge research and public services.
- The Board's incremental funding request includes an additional \$7 million for the UI, \$7 million for ISU and \$4 million for UNI.
- The Board's \$18 million incremental request will support efforts to shorten time to graduation, provide student financial aid, and support efforts to close retention and graduation achievement gaps for underrepresented and first generation students, and other student success initiatives.
