Reported Issues in Progress

<tr>
<th>Topic</th>
<th>What do I do?</th>

<tbody>
<tr>
<td>1</td>
<td><strong>Resolved</strong> You are now able to <a href="#">view your July 31st payslip</a> in Workday. Your pay will be deposited no later than end of business July 31. For more information on this first payroll in Workday, how to review your payslip, and who to contact with questions, please see the following <a href="#">article</a>.</td>
</tr>
<tr>
<td>2</td>
<td>Department affiliation, for directory purposes, is determined by your Supervisory Organization (SupOrg). If you believe your department affiliation in the ISU Directory and the Outlook Global Address list is incorrect, please email the Solution Center at <a href="mailto:solution@iastate.edu">solution@iastate.edu</a>.</td>
</tr>
<tr>
<td>3</td>
<td>Some individuals working in areas such as Extension, Vice President for Research, and other centers, are currently experiencing difficulties approving HR transactions. For example, approvals may be routing to the wrong supervisor. A fix for this issue is being developed and we will post updates as soon as the issue is resolved.</td>
</tr>
<tr>
<td>4</td>
<td>If the supplier catalog you are looking for is not shown in the cyBUY marketplace, please contact the ISU Procurement team at <a href="mailto:cyBUY@iastate.edu">cyBUY@iastate.edu</a> to purchase from the catalog at the negotiated discounts.</td>
</tr>
<tr>
<td>5</td>
<td>The Work Space listed in your Worker Profile Job Details will be used as a default ship-to address on purchase requisitions. To ensure cyBUY orders are delivered correctly, select the correct room/building from the Ship-to dropdown list in cyBUY or use the alternate address option. Note: Office Depot and Sigma will not accept alternate addresses. Review <a href="#">Create and Order from CyBuy Supplier</a> or <a href="#">Create a Non-Catalog Requisition</a> Job Aids for more information. If your Location, Work Space, or Work Address is not correct or missing, contact your HR Coordinators <a href="mailto:hr.delivery@iastate.edu">hr.delivery@iastate.edu</a> with correct room and address information.</td>

**Workday Tips**

How do I map my KFS Accounts to Workday Worktags?
To translate your legacy KFS Account numbers into Workday Worktags, use the ISU Worktag Mappings report in Workday. See Legacy Account to Worktag Translation Job Aid for details.

- Job Aid Access/Improvement
  - Working on ‘embedded help’ – linking job aids to screens IN Workday
  - Providing a process ‘overview’ in select job aids (helps to understand where in the End to End process your transaction resides.
