Highlighting ISU Staff: Cindy Robertson, Seed Technology and Business

This month we recognize Cindy Robertson, Program Coordinator II, with the Graduate Program in Seed Technology and Business.

Cindy was nominated by Lori Youngberg, who said: "Cindy has been a true team player at the Seed Science Center from the very first day she started the job. She is always willing to take on new projects, is extremely professional, and is a very talented graphic

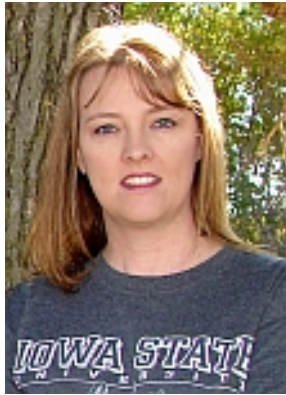

designer. We really value Cindy and are lucky to have such a talented person working at the Seed Science Center!"

Congratulations, Cindy, and thank you for all you do!

You can nominate a fellow Professional and Scientific employee (or team of employees) for Highlighting ISU Staff! Submit your nominations using this [link](#) to tell us about a P&S employee or team doing great work in your area. The form will ask you to tell us about who you are highlighting and why in 100 words or less, and to include a picture of the person, team, or output for which they are

being highlighted.

One submission will be regularly included in the newsletter as determined by the P&S Council Awards Committee. Other submissions will be featured on social media with the tag #highlighting ISUstaff, on the P&S Council web page Highlighting ISU Staff, and/or included in future newsletters.
