

**Are you a lifelong learner considering returning to school this fall?**

Iowa State University supports lifelong learning for our employees, and one way is through the [Tuition Reimbursement Program](#). If you are thinking about taking classes at Iowa State, please take the time to explore the program and see if it works for you. Employees are encouraged to review all program guidelines to understand what is required fully. If you have questions, please email [tuitionreimbursement@iastate.edu](mailto:tuitionreimbursement@iastate.edu).
