   WorkCyte Update - Huron Consulting Group (Pat Jones)
   - ISD decisions are impacting training mapping;
   - Service delivery personnel will need in-depth training;
   - Some folks will be utilizing training online; using Articulate 360 package – this will simulate actually how WorkDay works; will still be available after Go Live for refreshing; these will be listed in Learn@ISU so we will need to be going in and signing up; there will be job aids on the website for review; also utilize User Labs around campus – there will be staff there to answer questions and clarify; looking at class resources to schedule these; training will start at the beginning of April to the end of June; there will be pilot testing scenarios; registration will open up at the end of April; there will be post Go Live support; 52 courses being offered – based on what job responsibilities are – these will be self-paced;
   - Fifty-five more Workshops scheduled before training and Go Live.

   Question: Will there be one on one phone support?
   Answer: Not during training, but after Go Live.

   Question: Will there be training for Extension?
   Answer: Still working on it.

   Question: Managers who designate a delegate; will they be on the same manager training track?
   Answer: We will need to look at that; the process is very fluid right now.

   Senior Vice President & Provost (Jonathan Wickert)
   - Iowa Legislature News

   Interim Vice President for University Human Resources (Andrea Little)

   Question: What is the timeframe for starting this?
   Answer: Not sure; but will follow up.
Interim Senior Vice President for University Services and Interim Chief Financial Officer (Pam Cain)

- Introduction of Heather Paris

Heather Paris

- Focus has been on staffing for Finance Specialists;
- Great response to the staff surveys; currently doing phone screens with UHR assistance;
- 385 Finance Positions interest – 319 still under consideration – 125 positions available for Finance;
- Next week we will be able to share university-wide next week where the positions will be located in the service team structure;
- Three Finance Managers have been hired: Kyle Briese will oversee Dogwood, Magnolia, and Redwood; Karen Cline will oversee Aspen, Hickory, Juniper, and Sycamore; Jenni Winter will oversee Birch, Spruce, and Pine;
- Moving forward with hiring the other positions – working to make offers next week;

**Question:** What accommodations will be made for these folks who need to train for ISD positions and still do their current job?

**Answer:** Online training – working closely with the supervisors for sensitivity to how they balance that; will be giving them a training plan right away.

**Question:** What was Provost Wickert referring to with Parking?

**Answer (by Pam Cain):** A proposal has gone to the Board of Regents for parking increases – 2.7% increase, highest % increase is for vendors at 5%.

Assistant Vice President for Diversity and Inclusion and Equal Opportunity (Margo Foreman)

- 2019 AAU Sexual Assault Survey; launching communication in February – all students will receive the link to the survey – not a requirement to take it; there will be some incentives for students to complete it;
- What can you do to help? Encourage students to take the survey;
- There may be triggers that occur for a student completing the survey – have them access the Sexual Misconduct website or OEO for website for aids;
- What do we hope to obtain from this survey? Is GreenDot working, comparison with 2015 survey; drive practice and policy; comparison with other universities.

Faculty Senate (Peter Martin)

- Bullying Behavior policy;
- Anti-Bullying Resolution – more detail on the faculty senate website;
- Modification of Action Plan Mediation – Addressed Problems; this is in the faculty handbook; they addressed timelines concerning the Mediation and Action plan so it does not go on and on and not get addressed in a timely manner;
- Issue regarding proposed legislation regarding tenure – faculty feel very strong about this; this is not about job security – it is more about academic freedom, freedom of expression.

**Question:** Term faculty – changing governance documents – hearing things from P&S Council rank only appointments that can be affected;

**Answer:** We have been talking about this and we need to be clear what this change means for those P&S employees who teach.
Suggestion: Would the Faculty/Senate consider using the word ‘employees’ instead of ‘faculty’ in their bullying proposal?
Answer: We would like to have some formal endorsement from the P&S council since he speaks on behalf of faculty and not speak for P&S employees.

4. Professional and Scientific Council Executive Committee Reports
President (Jessica Bell for Stacy Renfro)

- We held meetings this month with Interim VP Kristi Darr to talk through the next steps in the Improved Service Delivery Project. She shared information and answered our questions for us. Later in the month we met with a larger group from University Human Resources and talked through upcoming policy changes as a result of the transition to workday, Improved Service Delivery and the Classification and Compensation Review. During this meeting, we reviewed Professional and Scientific Council procedures and the best way for us to stay involved moving forward. Sara Parris and the Policies and Procedures Committee will be working diligently on proposed policy revisions. Tera Lawson will also be deeply involved as our liaison to the Classification and Compensation Extended Projects Team.

- The ISD Supergroup meeting this month mainly included an update on the progress of transition teams and how survey data is being used and followed up on. I will continue to bring forward constituent concerns and feedback in this forum so please reach out when you hear from your colleagues.

- Later this week, we have a Campus Leader’s Luncheon at the Knoll with President Wintersteen and members of the leadership team. The Council Executive Committee submitted three questions this month related to:
  1. The ISU budget and salary increases
  2. Workplace Bullying
  3. Improved Service Delivery

- This month Amy and I have been focused on a number of Council initiatives. We met with Kelly, the VP of University Community Relations, to review notes from meetings with Deans and department heads from last year and strategize about the upcoming year. We will be engaging each of you in your representation area groups to meet and share a consistent message with unit leadership about the impacts of all the changes P&S Employees are facing, how the college engages employees within the college, and how employees are recognized – even in times with strict budgets. There are unique challenges that each college and its employees face, but our goal is to open up communication between you P&S Employee representatives, and the unit leadership. My hope is that these meetings continue, and we start having them across the other divisions of the University.

- This month I also met with Lindsay Moeller, our new VP of Equity and Inclusion to brief her on the position and talk about her role on the Professional and Scientific Council Executive Committee. I am looking forward to her contributions in the upcoming months.

- Finally, I’m excited about our upcoming elections. Not only for our potential new councilors, but for our internal positions. Don’t forget we are taking nominations as a part of the unfinished business, so there is still time to consider becoming even more involved.

Thank you and I look forward to see you all at the upcoming Professional Development Conference.

Secretary/Treasurer (Joy Stroud)
• Since there are a few new councilors, just a reminder to please sign in, pick up your placard and leave it on the table in front of you. I will come around and collect them when the session is over. This will help me keep accurate attendance records;

Communications (Brittney Rutherford)
- The new website is in the works. We’re rebuilding the historical documents such as meeting minutes, docket items, etc. as well as cleaning up the rest of the text and navigation. We’re looking to launch in early March between the conference and elections. For social media, we’ve been more systemic with that over the past few months and it seems to be working a bit better than the past. Our focus has been Facebook and we’ll move on to other platforms soon as well. If you have a social media idea, please reach out to us!

Compensation & Benefits (Ryan Drollette)

Peer Advocacy (Katie Thorson)

Answer: In the P&S Council newsletter and Adventure2.

Policies and Procedures (Sara Parris)
- Have distributed our Leadership Training Resources document to various campus partners for distribution, will highlight in an upcoming newsletter and continue to raise awareness. Remember that there are many useful (and free) courses available to you through Learn@ISU and sessions are updated regularly;
- PLAC has provided us with several policy changes to review, with more anticipated in the coming months. The Policies and Procedures Committee has so far found that the changes that have been proposed are technical edits made to align the language with Workday terms. Any substantive changes will be shared with this group after the committee has had a chance to process the changes. We are also looking at changing when our committee meets to better accommodate the PLAC process. The committee is planning on meeting with Emma Houghton in the near future to discuss HR policy changes in detail.
