President [Jamie Sass](mailto:Jamie.Sass@university.edu)

Good afternoon, everyone!

I was scheduling a meeting yesterday and realized that we’re already in October. For those of us in student-facing roles (like me), October tends to be a busy, busy month as students get settled into the realities of a semester. On Council, it means I’m roughly a third of the way through my term as President—and there is still a lot of work to do this year! In my first president’s report to Council this year, I told you how I excited I am about the possibilities of the year. I remain that way and am optimistic about how we can continue to engage our
constituents and move the needle on our strategic initiatives. Later this afternoon, we’ll have an opportunity to use our time meaningful during a work session about documenting our strategic initiatives.

In September, Chris, Patrick, and I met with our staff council peers from the other Regents institutions. These meetings occur approximately twice a year, and although they are informal in nature, they provide interesting insights into concerns and victories at other Regent institutions for staff. September was an ambitious agenda: staff wellbeing, retention and recruiting, enrollment challenges and updates, supervisor training, and yes—strategic initiatives for the year. I’ve hyperlinked the University of Iowa’s if you would like to read through them when our monthly highlights and meeting minutes go out. We received very positive feedback about our initiatives as well. We left the meeting with some new ideas and inspiration for how our peers are successfully navigating through some of our shared concerns. September and October also brought the first meetings of the year for the Employee Benefits Advisory Committee (formerly the University Benefits Committee). President-Elect Patrick Wall and Comp and Benefits Chair Erin Gibson attended the meeting as Council’s standing member and Vice Chair, respectively. Highlights from the October meeting include:

- The Employee Benefits Advisory Committee reviewed the new structure of the Committee. New positions were added from various employee groups to help with communication of what the Committee accomplishes and to bring employee concerns forward to the committee. For Council, this included adding our Comp and Benefits Committee Chair as the EBAC Vice Chair.
- Reminder that Open Enrollment will begin on November 1 and end the Friday before Thanksgiving (November 18th). ISU usually sees over 50% of employees make changes during this time, often due to flex spending accounts which must be renewed each year. The cap for flexible spending accounts will increase slightly this year.
- Next year ASI Flex will be offering debit cards as an option for reimbursement. This was not available in the past because ASI didn’t have the capability.
- During Open Enrollment all employees eligible for benefits will receive a Benefits Survey. This will come from the vendor we work with: Mercer. The university has not done a benefits survey for 10 years and very much wants employee feedback.
- A new virtual benefits decision tool will go live in October with the open enrollment period. Look for UHR emails and Inside Iowa State this month for details.

The past month has also been busy with constituent feedback. As we have released our WorkFlex satisfaction survey report, the Executive Committee has begun hearing from constituents across campus. Councilors—thank you for facilitating discussion with your constituents. As questions and concerns have been brought to the table, Patrick and I have been taking them to our meetings with University Human Resources.

Constituents, I’d like to encourage you to continue engaging with your Councilors. Thank you, Councilors, for the work you do each month!

Secretary/Treasurer Lynne Campbell

- Shared up date of financial report:
  Balance Less Obligations and Commitments is $8,195.97
  YTD Actual Expenses is $2,054.03

Vice President for Equity and Inclusion Marlene Jacks

• Our committee is a small, intimate, and passionate group who will focus on issues of ableism, equity, diversity and retention of our excellent staff.
  o We discovered the faculty and staff Association does not include anything with ableism to make sure the needs of our staff noticed.
  o Example: Parking for those who have a need we will continue to ask questions and do some surveys to see if staff feel about access to parking.

• The Equity and Inclusion Committee takes a reflective pause to highlight the significant sacrifices of First Nation peoples of the land.
  o November is Native American Heritage Month, a time to reflect and celebrate the rich and diverse cultures, traditions and histories, important contributions of Native people, and highlight the historical keepers of this land.
  o There are 5.1 million self-identified Native peoples in the United States.
  o The Native American Association and the rich Iowa State faculty in American Indian Studies are to be celebrated beyond a single designated month.
  o We honor your deep heritage and the daily courage of the United Native American Association.

• The Equity and Inclusion purpose driven core values remain centered on the critical workplace culture where we develop influence and deeply impact P&S spaces at Iowa State University.
  o The mission of Equity and Inclusion is cultivated from our professional lens and the cultural experiences that dominate our shared experiences at Iowa State University.
  o Join us in this strategic work and help Equity and Inclusion staff far exceed the essential work in P&S Council. Reach out to Committee Chair Marlene Jacks to share ideas and suggestions.

Comment: Advocate for P&S Council engagement in Shop.
Discussion:
SHOP will help anyone.
They do not ID but count items when checking out and weigh on a scale.
Need help certain days unloading deliveries.
Monitory donation are welcome so purchases in larger quantities
President Sass: Possibility of a supply drive by the council?
Perhaps Sarah could look into organizing a drive.

Vice President for University Planning and Budget Matthew Femrite (via audio report)

- **FY2023 P&S Council Strategic Initiatives** included “supporting a revised University budget model that prioritizes annual performance-based increases for P&S employees with a satisfactory performance review.”

- To support this initiative, Erin Gibson, Compensation & Benefits Committee Chair, and Matthew Femrite also participated.

- Met with Bonnie Whalen, Associate Vice President for Institutional Financial Strategy, to learn about ISU’s budget model.

- Discussed:
  - History of current budget model.
  - How the budget modeling process works.
  - The role and priority of salaries in the model.
  - The timeline for the budgeting process.

- Will provide a detailed report at next month’s meeting.

5. Professional and Scientific Council Committee Reports

**Awards** Susy Ankerstjerne as delivered by Chris Myers

- **CYtation Award** nominations are open. Any ISU employee can nominate an active P&S employee for a CYtation Award. Nominations do not need to be submitted by a department or college award committee. **Individuals can be nominated** for:
  - CYtation Award (individual)
  - Woodin CYtation Award
  - Team CYtation Award
Outstanding New P&S Councilor CYtation Award

Nomination are submitted via smartsheet form, and several links to that form can be found on the Awards page of the P&S Council Website. Nominations close at 11:59pm on December 1st.

We are still looking for more nominations for our Highlighting ISU Staff initiative.

- Each month a new P&S employee is selected and highlighted in the distribution of the P&S Council Newsletter.
- Nomination are very simple, submitted via Qualtrics, and a link to that nomination form can be found in the Highlighting ISU Staff section of the monthly newsletter.
- As a reward for submitting a nomination, 12 nominators will be randomly drawn for a scoop of ice cream from the Creamery.

The awards committee is working on drafting an email to distribute by our councilors.

- We would like councilors to share this email with constituents, to help promote nominations for both CYtation awards and Highlighting ISU Staff initiative.
- This email draft will be shared with our councilors by the end of the month.

Discussion:

Question: Is there a list of the new councilors? Can we populate that somewhere?
Response: Jason has access. The definition of new councilor is 18 months.

Communications  Deanna Sargent

- Working on a new section on the website about Why people join the council?
  - This main goal it to help with representation committee
  - Preparation for the upcoming election

- We are also working on an excel spreadsheet so that councilors know future projects that the communication committee is working on
  - Goal is to be available by next meeting

Compensation and Benefits  Erin Gibson

- As stated in the Sept 26th memo from President Wintersteen, health care premiums will increase next calendar year. Later this year, our Committee plans to provide benchmark data on how our premiums compare to our sister schools and other employers.

- Reminder that Benefits Open Enrollment begins November 1 through November 18

- We asked for an update on our motion for Tuition Reimbursement from July 2022. At this time UHR did not have a status update from University Leadership but we hope to have and update to share next month.

- A benefits survey will be launched next month to all employees
A survey like this has not been done for 10 years.
Survey will be handled by vendor Mercer
Your individual answers will be confidential
A summary of results will be shared early next year
It is important to take the time to complete this 15 to 20-minute survey as future decisions about your benefits will be made with this data

- The next Workflex window will open at the end of the month.
  - At this time, windows are still being used and the 60% limit of remote work is still in place for those groups that did not participate in the pilot program.

- There have been past discussions of sending a survey for supervisors about Workflex, but due to the upcoming Benefits survey and Campus Climate survey a survey for supervisors will probably be delayed.

- Lastly, our committee will be working on our annual report for University Leadership and our goal is to have first reading in December. Second reading in January.
  - We want to hear your stories of how the current compensation and benefit policies and actions have impacted you. People remember stories!
  - Please share your story so that we can share your story anonymously in our report. Stories can be sent to pandas-cb@iastate.edu

Discussion:

Question: I submitted during the first round. Do I need to reapply?
Response: If your workflex agreement is up, you will need to reapply.
Response: I will ask for a knowledge article to get more information.
Response: UHR will be sending out a communication. I am sharing this as an FYI.
Patrick: Per meeting with UHR, they have been asking for this survey for a LONG time. When you receive the survey, please do not ignore it!

Peer Advocacy Jacob Larsen

- Met with Ombuds-woman Laura Smythe and discussed services provided and training offered to all ISU employees. It was encouraging to hear her office is so proactive.
  P&S Council members should utilize training to benefit our work on the council.

- Theme of the upcoming ‘Did you Know?’ newsletter article is Environmental Health & Safety and the Office of Risk Management written by member Kaylee Wellick. The article was so comprehensive that it could be split into two articles.

- We are discussing ways that the Peer Advocacy may better connect with staff we serve and we will explore those ideas going forward.

- We will schedule our yearly meeting with Stephanie Downs, Senior WorkLife & WellBeing Coordinator. It is a pleasure to have her visit our committee and we learn new and interesting things we share with council and P&S staff.
